DUNE2 ARKSUN DEMOBANK

Thank you for purchasing this selection of Arksun professional presets created for Synapse Audio Dune 2 VSTi/AU soft synth. This demaset is a sampler of the full 128 sound Dune 2 soundsset which is available to buy at

<http://www.arksun-sound.com>

Requirements

You will need at least the full version 2.5 of Dune 2 to be able to use these sounds.

Installation

Unzip the Dune2 Arksun Soundset folder into your Dune 2 presets folder and they should show up the next time you start Dune 2. The default positions of these folders as of version 2.5 are:

Preset folders Mac

OSX:

Music/Synapse Audio/Dune 2/Soundbanks/

WINDOWS:

My Documents\Synapse Audio\DUNE 2\Soundbanks\

This may possibly change in future version, please contact Synapse Audio support for further details.

Soundbank Info

This demoeset gives a taster of what the full 128 soundset has to offer, from soaring dance leads to soft romantic keyboards, Deep punchy basslines to filmscore ambience bliss.

These presets were designed to be primarily played on a keyboard with the expressiveness of midi velocity. Further details for each preset including modwheel and aftertouch assignments are found in the info description in Dune 2 for each one.

Additional

You are free to use these presets to make freely available or commercial music.

You may not however distribute this soundbank (or any part of the soundbank) in any shape or form. Also this soundbank may not be made part of a product for which a fee is charged.

This soundbank has been uniquely watermarked for tracking purposes.
